EMPLOYMENT HISTORY

June 2017 - Present

Bar Staff

The Old Auctioneer

I am responsible for looking after the bar, making sure its kept clean along with keeping customers happy. I also would have to close the bar at the end of the night which included all the cleaning jobs and making sure the cellar is clean and neat for delivering the oncoming day.

March 2017 – July 2017

Bar Staff

The Bank House Weatherspoon's

I am responsible for looking after the bar while on shift which could include jobs from serving people alcohol at the bar to delivering food to customers. I would also have to keep the bar clean and looking professional.

October 2016 - February 2017

Mentor

University of Gloucestershire

I am responsible for mentoring students pre-16 at schools talking to them about revision techniques and what they are struggling with at school.

September 2014 - 2017

Sales Advisor

McDonalds

I am responsible for taking, fulfilling and serving customer orders, ensuring the customers receive the correct order in the expected timescale. I replenish the stock and help with the deliveries. I am also responsible for handling money and balancing my till at the end of a shift.

September 2012 – 2014

Newspaper Delivery

Corner Star News

I deliver newspapers to customers in and around Bodicote. Ensuring the customers receive the correct order and delivery within the timescales expected.

WORK EXPERIENCE

October 2015 – October 2016

Mentor

Banbury College

I helped teach year 12 students games design along with how to improve their skills. I would also help them go through their assignments to make sure there on the right track.

March 2015 – August 2015

Junior Designer

Ragtag Studios

I participated in the creation of the game amazeballs pool and that's now in the market and playable on Facebook.

March 2013

Sales Advisor

Halfords

I served customers and handled customer enquiries. I replenished the shop floor daily and handled deliveries including unpacking and tagging stock along with the building and repairing of bicycles.

INTERESTS AND ACHIEVEMENTS

My main passion is working with computers resulting in me looking forward to continuing my degree with the aim of working in Game Design in the future. I also specifically like working on weapon design and any other kind of 3D design.
